

**Prince George's County, Maryland Levy Lists
1775-1783**

John D. Sinks

15 May 2023

Prince George's County was one of two Maryland counties from which the District of Columbia was created in 1790. The Revolutionary records of these counties are of special interest to the District of Columbia Sons of the American Revolution (SAR). The levy lists of Prince George's County for 1775 through 1783 are preserved in Levy Book B, 1734-1794, at the Maryland State Archives (C11245-2). Copies from the original lists appear here courtesy of the Maryland State Archives.

The taxpayers are not listed in the levy lists, although the insolvents who could pay are named. The lists also record payments for goods and services that do provide evidence of Revolutionary service, especially for office holders and jurors. Other services for which payment was provided include building a bridge, repairs to the jail, use of a resident's house, and beating a drum. Fines are also recorded for offenses such as bastardy, breach of the peace, and selling liquor without a license.

The years begin on the following pages:

1775	243
1776	
1777	
1778	
1779	
1780	
1781	
1782	
1783	

Users should be aware that the 1775 entries include some for the March term of the court, predating 19 April 1775.

Prince Georges County 5th Levy Book for 1775
